

JAGATJIT
GROUP

In Collaboration with

CICORIA
SQUARE BALERS

In 1927 **CICORIA** started a long journey dedicated to the technological development of balers designed and built with the experience in the fields around the world.

Established in 1983, Saron Mechanical Works (SMW) is a globally renowned manufacturer of Farm Equipment under the brand name **JAGATJIT**. It is a brand of choice amongst farmers in India and other countries.

CICORIA SQUARE BALER 888-S

TRUSTED GLOBALLY
SOLD IN 50+ COUNTRIES

Square Baler is use for straw, forage and hay, as well as maize and sorghum stalks and any agricultural by-product. The result of our experience and dedication are strong and reliable square pick-up balers that provide high performances also in the most hostile environments.

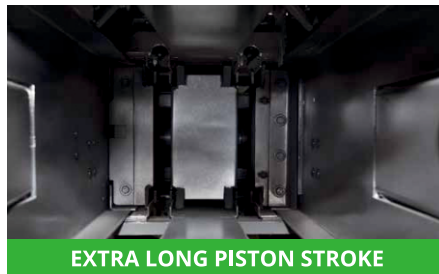

**MADE IN
ITALY**
